

April 25, 2024

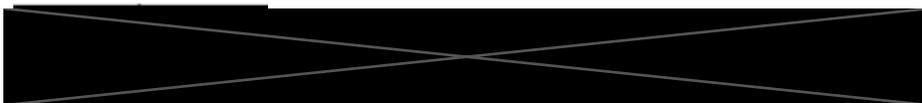

Thank you for your participation in the California Air Resources Board (CARB) Clean Truck and Bus Voucher Incentive Project (HVIP). Your vehicle eligibility application and associated documentation have been reviewed by CARB staff. We have determined that the vehicle model(s) and model year(s) identified in the table below are eligible for HVIP. To receive a voucher, vehicle purchasers and participating dealers must meet all applicable project requirements identified in the HVIP Implementation Manual. The delivered complete vehicle must be consistent with and covered by an approved CARB Executive Order. Base voucher amounts indicated below may be modified at CARB's sole discretion.

Vehicle EO Model Year	Vehicle Make and Model	Truck Class (GVWR lbs.)	Voucher Amount
2024	Mullen THREE - Urban Utility Battery Electric Vehicle EO: A-522-0002	Class 3 10,000 < GVWR ≤ 14,000	\$45,000

Thank you for participating in HVIP. For questions or information regarding HVIP vehicle eligibility, please contact [REDACTED]

Sincerely,

Mobile Source Control Division
